ABOUT US

Is a privately owned Company Brighttech, established in 2020 in Tanzania. Having started as modest Civil and Electrical Contractor, we have diversified into the contracting industry by branching out all corners of Tanzania. In 2020 we established a branch in Dar es salaam, Tanzania.

Over five years we have built a strong reputation for delivering quality services on time at a competitive price. We pride ourselves on being skilled and experienced in all construction aspects including Civil and Electrical projects.

Our Company is registered in Tanzania with the Contractors Registration Board (CRB).

VISION

Empowering by unlocking its industrial and economic potential through access to safe, reliable and affordable Engineering Services.

MISSION

At BrightTech, we aim to develop world-class engineering infrastructure by offering to our customers, top quality yet accessible products. We strive to always meet their expectations and do our best to exceed them as much as possible.

CORE VALUES

CONTENT MARKETING

Integrity

We will always safeguard the Integrity of our employees, customers, or company

Excellence

We vow to do our best to exceed our customers' expectations

Innovation

We are passionate about creating new solutions for crafting a better tomorrow

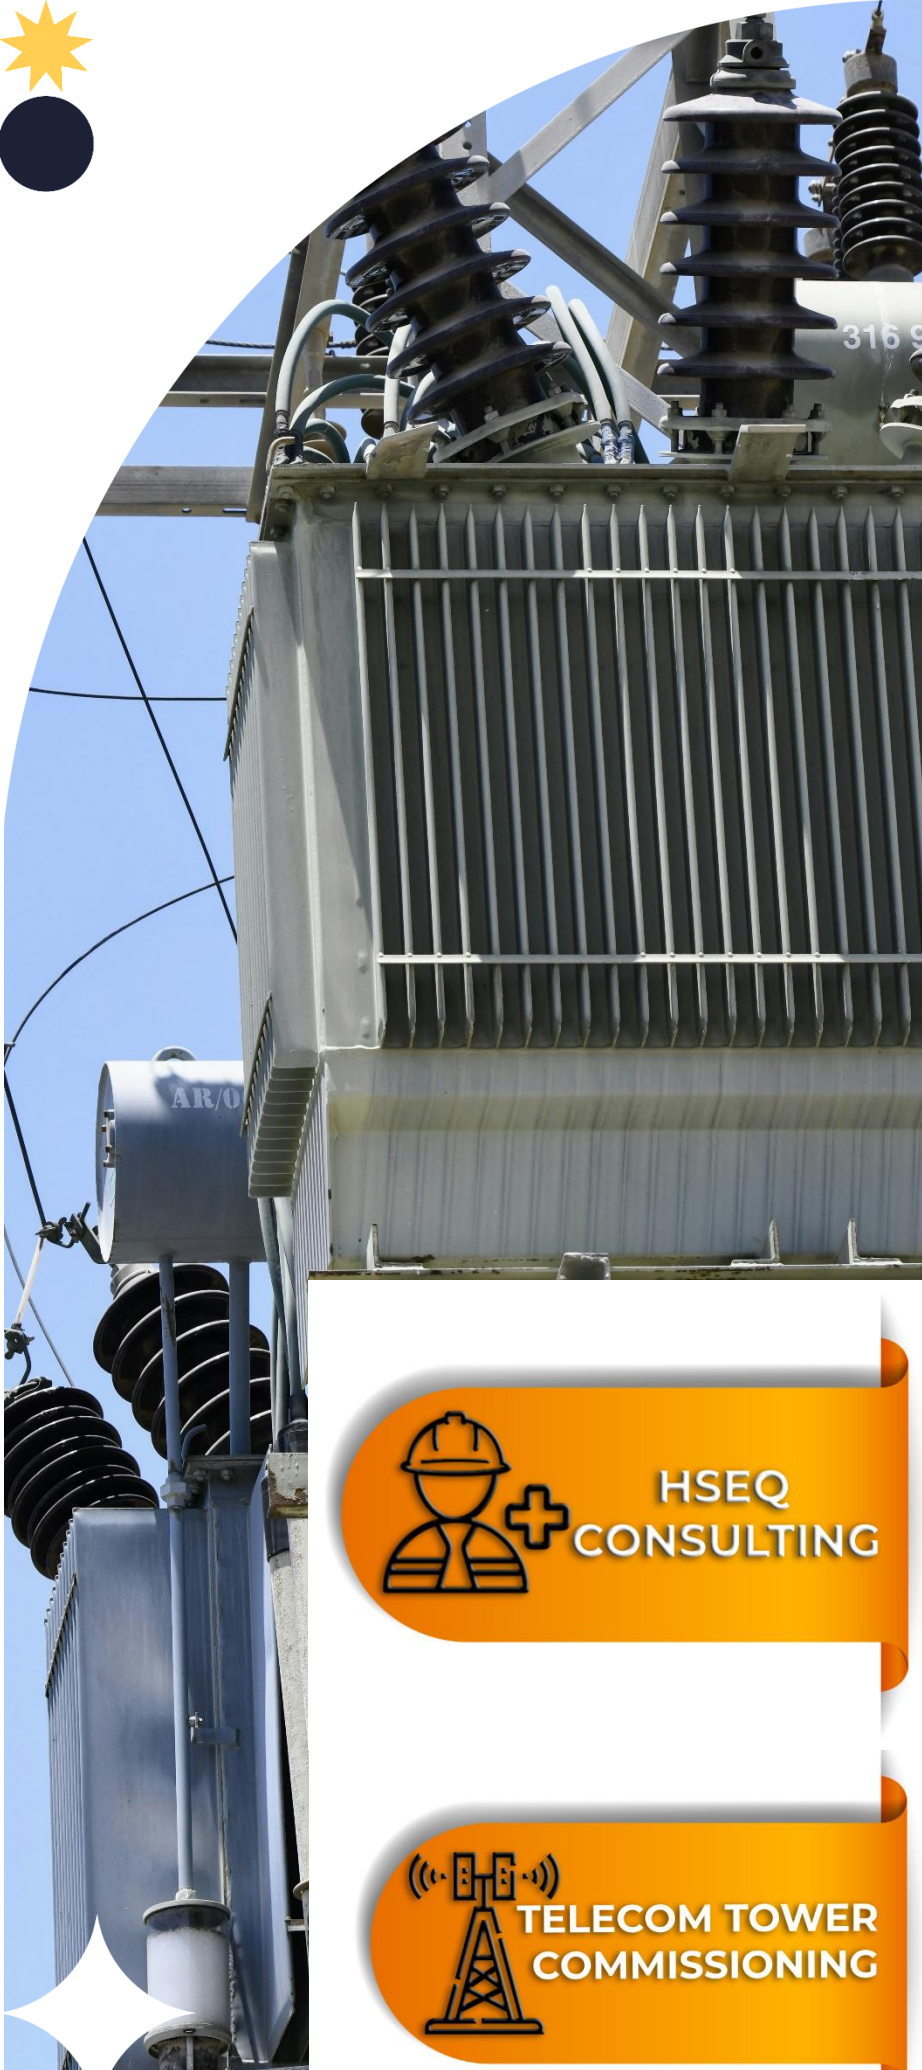

Diversity

We value and respect diversity as a source of inspiration and creativity with our clients, employees, and suppliers.

OUR SERVICES

**CIVIL &
BUILDING
WORKS**

**ELECTRICAL
WORKS**

**HSEQ
CONSULTING**

**GENERATOR
MAINTENANCE**

**TELECOM TOWER
COMMISSIONING**

**MECHANICAL
WORKS**

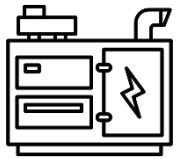

ELECTRICAL WORKS

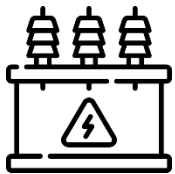

Our Civil and Electrical works experience has encompassed a variety of projects and clients. These projects have included 11/33KV lines construction and substation, transformer bays, equipment foundation, access roads, cable trenches, pits and drainage work and several cells' towers ranging size up to 45 meters.

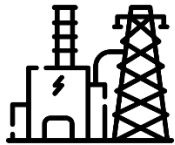

POWER & ENERGY

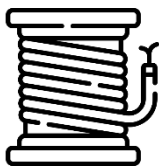

**Generator
Installed**

**Transformers
Installed**

**Substations
Installed**

**HV & UHV
Electrical Cabling**

**Air Conditions
Installed.**

On different implementation scales, we purchase, install, and maintain power generators. Every backup power management requirement may be met by Bighttech, whether it is for office use or industrial applications

GENERATOR MAINTENANCES

Brighttech provides comprehensive generator installation and maintenance with different sizes of DGs ranging from 20KVA to 500KVA to meet operation standards including:

- Conducting Load testing by simulating operational loads to confirm generator capacity and reliability.
- Inspect mechanical systems to prevent wear and mechanical failures.
- Verifying electrical systems to ensure circuits and connections are functioning safely.
- Checking cooling systems to maintain optimal operating temperature to prevent overheating.
- Evaluating protection systems to confirm safety mechanisms are active to prevent damage.
- Assess fuel systems to ensure reliable fuel supply and prevent contamination

Detailed Service records are maintained, documenting repairs and improvements.

HSE CONSULTING

Delivering Excellence in Health, Safety, Environment and Quality (HSEQ)

We are a trusted HSEQ Consultancy providing innovative, practical and sustainable solutions that enable organizations to achieve operational excellence, regulatory compliance and internationally recognized management system certification. We partner with organizations across diverse industries to improve business performance, manage risks and protect people, assets, the environment and reputation
